

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Edward Krueger  
DOCKET NO.: 04-27557.001-C-1 thru 04-27557.003-C-1  
05-25649.001-C-1 thru 05-25649.003-C-1  
PARCEL NO.: See Page 4

The parties of record before the Property Tax Appeal Board (hereinafter PTAB) are Edward Krueger, the appellant, by attorney Michael E. Crane with the law firm of Crane and Norcross in Chicago and the Cook County Board of Review.

The subject property consists of three parcels of land containing 30,285 square feet and improved with part one and part two-story, masonry constructed, retail strip center with 9,360 square feet of building area. The appellant, via counsel, argued that the market value of the subject property is not accurately reflected in the property's assessed valuation as the basis of this appeal.

The PTAB finds that these appeals are within the same assessment triennial, involve common issues of law and fact and a consolidation of the appeals would not prejudice the rights of the parties. Therefore, under the *Official Rules of the Property Tax Appeal Board*, Section 1910.78, the PTAB consolidates the above appeals.

(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: See Page 4  
IMPR.: See Page 4  
TOTAL: See Page 4

Subject only to the State multiplier as applicable.

PTAB/0570JBV

Docket No. 04-27557.001-C-1 thru 04-27557.003-C-1  
05-25649.001-C-1 thru 05-25649.003-C-1

In support of the market value argument, the appellant submitted an appraisal of the subject property with an effective date of January 1, 2004. The appraiser used the three traditional approaches to value to arrive at market value of \$325,000. The appraiser determined that the highest and best use to be its current use.

In the cost approach to value, the appraiser reviewed the sales of five comparables to determine a value for the land of \$5.70 per square foot or \$181,500, rounded. Using the *Marshall Swift/Boeckh's Comparative Unit Method*, the appraiser estimated a replacement cost new for the improvement of \$729,998. The appraiser then determined depreciation from all causes at 78% for a value of \$159,497 for the improvement. The depreciated value of the site improvements of \$8,000 and the value of the land was then added in for a final value under the cost approach of \$350,000, rounded.

In the income approach, the appraiser reviewed the rent of three comparable properties and established a range of \$12.00 to \$19.56 per square foot on a net basis. After adjustments, the appraiser determined a gross scheduled income for the subject of \$142,320. The appraiser then applied a vacancy & collection factor and expenses for a net operating income of \$36,247. Using several capitalization methods, the appraiser applied a capitalization rate of 10.375% for a total value based on the income approach of \$350,000, rounded.

Under the sales comparison approach to value, the appraiser utilized six suggested comparable sales located in the same market as the subject. The comparables consist of one-story, masonry, strip centers. The centers range: in age from 24 to 58 years; in size from 4,200 to 25,000 square feet of building area; and in land to building ratio from 1.60:1 to 3.96:1. The properties sold from August 2001 to June 2004 for prices ranging from \$180,000 to \$1,460,000 or from \$16.36 to \$78.42 per square foot of building area. The appraiser made several adjustments to the comparables. Based on this, the appraiser determined the subject property's value using the sales comparison approach to be \$325,000 rounded.

In reconciling the approaches to value, the appraiser gave the greatest weight to the sales comparison approach for a final value for the subject as of January 1, 2004 of \$325,000.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's total assessment was \$175,397. The subject's assessment reflects a market value of \$461,571 using

Docket No. 04-27557.001-C-1 thru 04-27557.003-C-1  
05-25649.001-C-1 thru 05-25649.003-C-1

the level of assessment of 38% for Class 5A property as contained in the Cook County Real Property Assessment Classification Ordinance. The board also submitted raw sale information for six properties suggested as comparable to the subject. These comparables are all located within the subject's market and are improved with one-story, masonry retail strip center. These buildings ranged in age from 17 to 37 years and in size from 4,171 to 12,000 square feet of building area. The comparables sold from August 2001 to July 2005 for prices ranging from \$390,000 to \$1,475,000 or from \$70.00 to \$165.03 per square foot of building area. As a result of its analysis, the board requested confirmation of the subject's assessment.

After considering the evidence and reviewing the record, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3<sup>rd</sup> Dist. 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2<sup>nd</sup> Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill.Admin.Code 1910.65(c). Having considered the evidence presented, the PTAB concludes that the evidence indicates a reduction is warranted.

In determining the fair market value of the subject property, the PTAB finds the best evidence to be the appellant's appraisal. The appellant's appraiser utilized the three traditional approaches to value in determining the subject's market value. The PTAB finds this appraisal to be persuasive for the appraiser: has experience in appraising; personally inspected the subject property and reviewed the property's history; estimated a highest and best use for the subject property; utilized appropriate market data in undertaking the approaches to value; and lastly, used similar properties in the sales comparison approach while providing sufficient detail regarding each sale as well as adjustments that were necessary. The PTAB gives little weight to the board of review's comparables as the information provided was raw sales data with no adjustments made.

Therefore, the PTAB finds that the subject property contained a market value of \$325,000 for the 2004 assessment triennial. Since the market value of the subject has been established, the Cook County Real Property Classification Ordinance level of

Docket No. 04-27557.001-C-1 thru 04-27557.003-C-1  
05-25649.001-C-1 thru 05-25649.003-C-1

assessments for Cook County Class 5A property of 38% will apply. In applying this level of assessment to the subject, the total assessed value is \$123,500 while the subject's current total assessed value is above this amount at \$175,397. Therefore, the PTAB finds that a reduction is warranted.

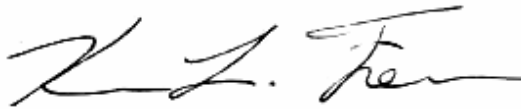

<b>DOCKET #</b>	<b>PIN</b>	<b>LAND</b>	<b>IMPRVMNT</b>	<b>TOTAL</b>

C E R T I F I C A T I O N

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: January 25, 2008

Clerk of the Property Tax Appeal Board

**IMPORTANT NOTICE**

Section 16-185 of the Property Tax Code provides in part:

Docket No. 04-27557.001-C-1 thru 04-27557.003-C-1  
05-25649.001-C-1 thru 05-25649.003-C-1

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
